

Spirit of Texas Reading Program- High School History

Brief History of the Spirit of Texas Reading Program

The original idea for the Spirit of Texas Reading Program came from Texas author, Andrea White. Mrs. White envisioned a more robust, dynamic relationship between Texas libraries and Texas authors/ illustrators where authors and illustrators constantly came into Texas libraries either in person or via the internet to talk to students about their books and the writing process. With the help of librarians Natasha Benway (South Regional Public Library), Rose Brock (Coppell ISD), Renee Dyer (Weslaco ISD), and Jennifer Smith (East Central ISD), Mrs. White's original idea was further developed to include an interactive website, original programming by Texas librarians, and annual awards for Texas authors/illustrators. The Spirit of Texas Reading Program began in 2011. The name "Spirit of Texas" was chosen because the program hopes to encourage a greater understanding of what it means to be a Texan and an appreciation for the literary works of and about Texas and Texans.
